

**Aethra Aviation:**

- The Composite Cylinders provided by Aethra are manufactured by SCI and LUXFER who are also suppliers to the only 2-OEM's Goodrich and Air cruisers.
- The FAA-PMA composite cylinders have a life span of 15 years similar to the OEM's
- They hold PMA-s for about 50 Part Numbers covering almost all aircraft-types in operation (B737, B747, B757, B767, B777, MD80/90, DC9, Fokker 28/70/100, Embraer 190, A319/A320/A321, A300/A310, A330, A340).
- Their operational-base and inventory are located on Long Island/NY-USA, holding an inventory of around 300 each Cylinders of different Part Numbers allowing shipment within 1 week ARO approximately (mainly through one of the 3 NY-airports).
- Prices range from 20 - 50% lower than the prices for the OEM-cylinders.
- All cylinders are shipped with a FAA 8130-3 Tag and meet all requirements of the FAA. (in some cases even exceeding)
